If you live in Ohio and do not grow for resell add 3% sales tax to the total amount of your order.

POSTAGE IN U. S.

FIRST ORDERS: For those not having an account with us send cash remittance with order if merchandise is needed at once. If cash is not sent, supply references and expect a few days delay while references are checked.

C.O.D. SHIPMENTS: Because of extra C.O.D. fees and frequent delays in delivery, this is not recommended. 25% cash down payment to be sent with order and cash discount is not allowed on C.O.D. orders. No C.O.D.'s accepted for plants, roots, and Onion Sets.

FREE

With every \$3.25 order of seeds, we will give a Lancaster Almanac free, when requested.

DELIVERY OF SEEDS

Prepaid Items: We pay shipping charges on all vegetables (except Peas, Beans, and Corn, 5 lbs. or more), and flower seeds in the U.S.A. (Not Canada).

Not Prepaid Items: Beans, Peas and Sweet Corn (5 lbs. or more) are shipped at your expense unless your seed order (not including plants, supplies, etc.) amounts to \$25.00 or over. We will then prepay by freight or parcel post whichever is less.

Roots, Plants, Onion Sets, Supplies, Farm and Grass Seeds are shipped at purchaser's expense except where quoted postpaid.

SHIPPING METHODS

PARCEL POST: The most economical for smaller shipments. Up to 300 miles from Canton mail is cheaper than freight on 55 lbs. or less. Beyond 300 miles, 40 lbs. or less. Consult your post office for rates and send payment for postage on not prepaid items.

EXPRESS: Rates are high but service usually fast. Sent collect. Be sure to give your nearest express office.

FREIGHT: Cheapest for large shipments but often slow. Minimum is \$3.25. Allow for delay and give nearest freight office and railroad.

TRUCK: Where direct service is available from Canton, truck is usually faster than rail freight at slightly higher cost. No C.O.D. shipments by truck.

CONDITIONS OF SALE

All of our seed is thoroughly tested for vitality and germination, and every package is marked with the results of our tests. We guarantee arrival in good condition and warrant to the full amount of the purchase price that our seeds and plants are of good vitality and true to name as described on the container. So many other factors besides the seed influence the success or failure of crops that, in common with all seedsmen, we specifically limit our liability in all instances to the purchase price of the seed.

Prices are subject to change without notice and to our stocks being unsold.

Approximate Domestic Parcel Post Rates on Seeds, Plants, Bulbs, Roots, Books, Tools, etc. within the U. S. and Possessions. Effective Oct. 1, 1954.

1 pound about 400 hills; 10 to 12 pounds to the acre.

Holmes Hybrids.

Are graded and double treated with a fungicide and insecticide for your protection, all at no extra cost. Delivered by freight if your total seed order is over \$25.00.

Thick Kernels

Will produce just as well as the flats though not as even in size. Supplied on orders of less than 10 lbs.

NOT PREPAID: 5 lbs. or more of corn is shipped at your expense unless your vegetable seed order is \$25.00 or more. We then prepay freight charges. See inside front cover.

111—Holmes Early Sunrise.

(62 days.) This is an outstanding first early. Plant is uniform, standing 5½ ft. tall and the foliage is dark green. Flags are long with good husk cover. Ears are 7½" long, 12 to 14 rows with well filled tips. Is bred for early planting and makes rapid growth under tough, cold weather conditions. Quality is exceptional for an early corn.

25 Lbs. or more @ 55c;
500 Lbs. or more @ 53c.

126—Honey Gold.

(74 days.) We are pleased to announce this new Holmes Hybrid, which we believe is outstanding in its class. Superior to Carmelcross and Gold Rush, it combines heavy yields with the desired small kernels and excellent quality. Ears are 7½ to 8 inches long, 14 to 16 rows. Stalks are stiff, resists lodging and has few suckers. We recommend it highly.

SWEET SPANISH ONION PLANTS

Are grown in the North from plants started in Texas. Our plants are fresh because they are shipped by overnight planes from our Texas grower.

The plants produce the mildest, sweetest, largest onions you have ever eaten. Those allowed to mature often weigh a pound and will keep for months if stored dry and cool. Plants usually available between early April and May 20.

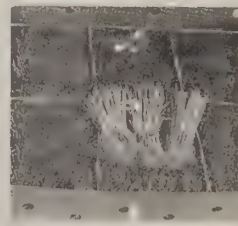

Vary between 50 to 110 per bunch, weigh above 32 lbs. per crate. Crate Onion Plants not prepaid.

15 or 20 crates are needed per acre if set 4 or 5 in. apart in 18 in. rows.

Please Note: Sold in bunches only. A bunch is a handful as pulled in the field and may contain 50 to 110 or more plants, depending on the size.

2 bchs. \$1.25; 5 bchs. \$2.70;
10 bchs. \$4.50 Postpaid.

Not Prepaid: Single crate (60 bchs.) \$12.50; 4 to 9 crates \$12.00 ea.; 10 crates or more @ \$11.50. Weight about 30 Lbs. per crate.
